1. Clarification is requested of apparent inconsistency which occurs in HRL-A-24398 and map "C" attached to HRL-A-24397. On the map WISITE 1C, 1B, 1A, and 1D are listed as communications men, but in HRL-A-24398 they are severally described as "having good leads to a communications man" or as "having radio operator available."

2. It would be appreciated if you could now submit more detailed personal identification of the persons listed in HRL-A-24397 and 24398.
